**Create the conditions and cultural change necessary for proven innovations to be adopted faster & more systematically in the NHS**

**Deliver innovation into practice for demonstrable patient & population benefit**

**Learn from Fellows' as real world case studies so that others benefit**

# Rigorous application and selection process

## Screening

NIA Team ensures application meets minimum criteria

## Assessment

Application reviewed by at least five assessors from a collegiate of 100+ experts

## NICE review

Shortlisted applications informally reviewed by NICE

## Interview

Applicant invited to attend panel interview made up of expert representatives

## Selection

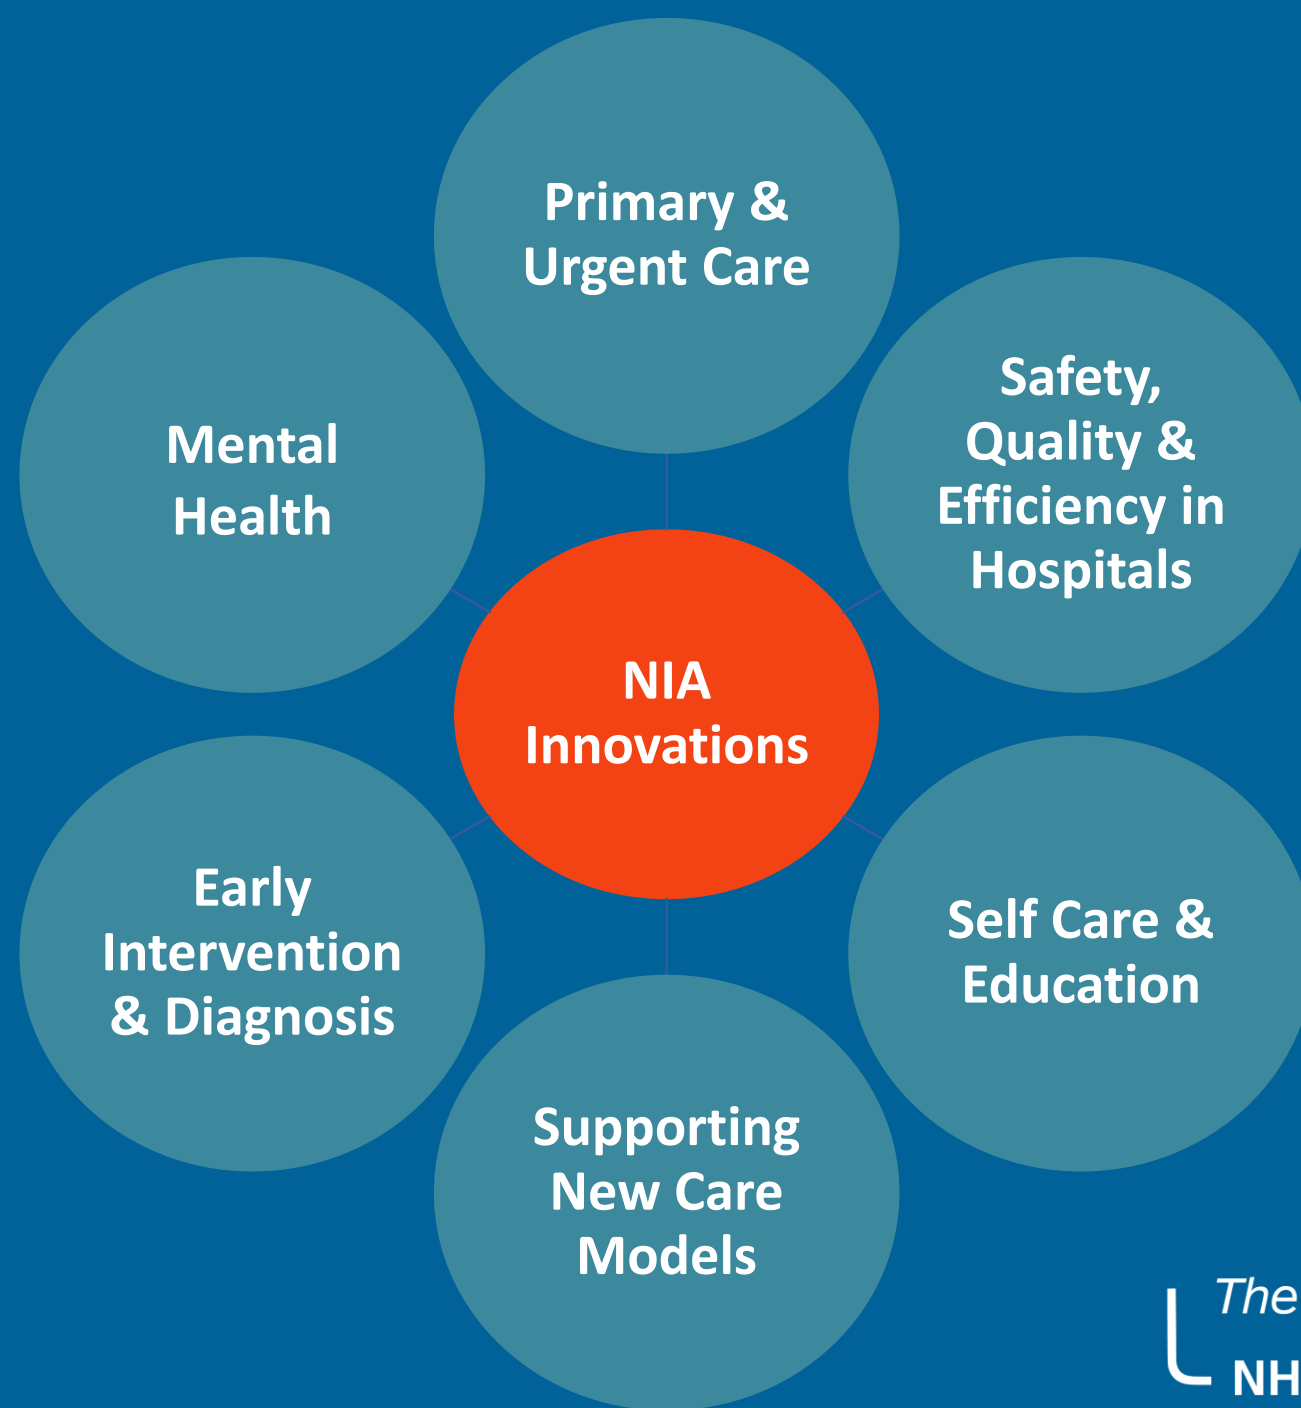

Decision-making panel confirms successful applicants, subject to due diligence

Evidence required to demonstrate patient outcome and cost savings

**NHS**

The AHSN Network England

NHS Innovation Accelerator

# Bespoke, agile support

## NIA PROGRAMME TEAM

providing day-to-day support, network and introductions, critical challenge on Fellows' strategy for scaling

## AHSN PARTNERS

providing signposting, local networking and support on scaling strategies

## MENTORING

from a pool of experts with a wide breadth of skills and experience

## PEER COMMUNITY

peer to peer support from the NIA Fellows enabled through quarterly events and an online forum

## LEARNING PROGRAMME

including quarterly review and learning events, additional information sessions tailored to Fellows' needs

## BURSARY

available to help Fellows scale their innovation across the NHS

# Progress...
