**Powering Healthcare  
Staffing At Scale**

# Staffing processes are outdated, inefficient and unsustainable

1

## Identifying unfilled slots

Repetitive manual process to find, isolate and send unfilled slots

2

## Find bank cover

Bank staff are bombarded with lots of untargeted, hard to process, messages with lists of slots. Coordinating their responses is time consuming

3

## Look for agency cover

At the same time, empty slots are cascaded to agencies who are expensive, duplicate the effort of the bank manager and disengage the workforce

## Result:

- Poor fill rate
- Duplicated effort
- Wasted time on manual processes
- Expense on agency margin
- Disengaged bombarded workforce

# Lantum Intelligent local staff management

# Proven Product

**1,500** Practices

**4,000** GPs

**4 million patient**  
appointments

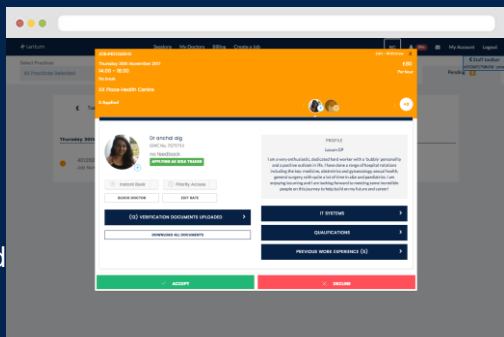

**UK wide**

# How it works

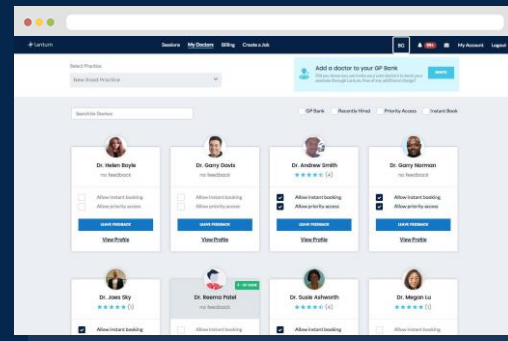

## 1 Invite your GPs into your staff bank

They can view and book your shifts

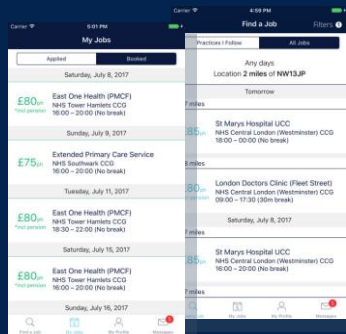

## 2 Share workforce across the patch

Join up with neighbouring organisations and share workforce

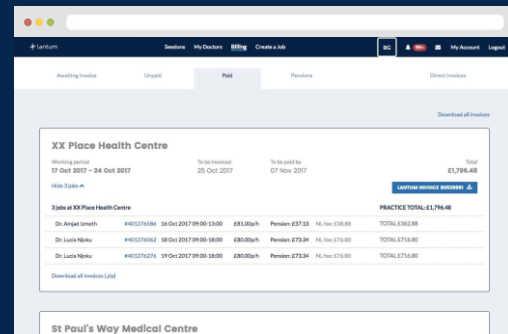

## 3 App for clinicians to book shifts

Clinicians love our app and tools to keep on top of work

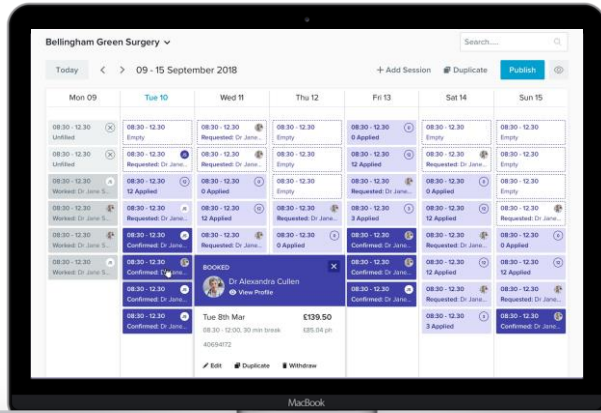

## 4 Back office process streamlined

Payroll, compliance all managed and automated by Lantum, centralised to remove inefficiency

# Lantum's SaaS-enabled marketplace is the solution

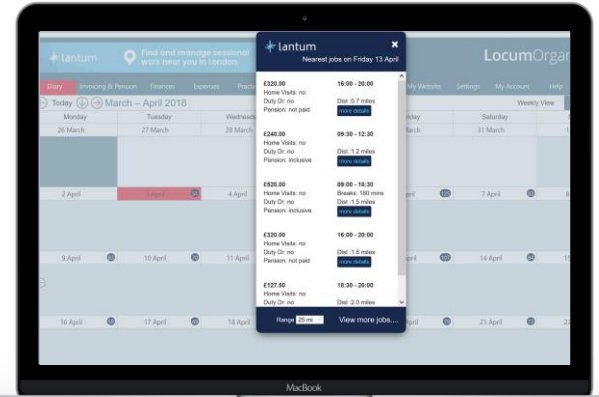

**Software for  
Staffing managers**

e-Rostering  
Shift management  
Consolidate invoices  
Automatic payroll  
Automatic pension forms

**Marketplace**

**Software for  
doctors**

Work diary  
Tax returns  
Invoicing  
Fast payments

# We have built workforce engagement systems across the UK

To build resilience and stability in the workforce by providing a truly intelligent workforce engagement platform.

"Lantum has played a large part to the success of our service to date. It **reduced the workload and costs** significantly for workforce management and invoicing which has enabled us to input more time into other aspects of the project. We as a team **highly recommend Lantum**"

**Lianne Fitzgerald**  
7 day access Ops Manager,  
Tower Hamlets Care Group

# We are expanding to support all staff grades

We want to expand our system to work with other groups of staff to **enable the five year forward view**

**Tower Hamlets GP  
Care Group CIC**

# Tower Hamlets GP Care Group CIC

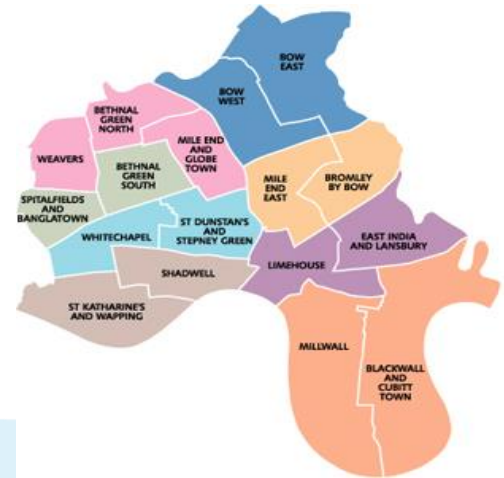

**Federation – TH GP Care Group CIC**

**Commissioner - TH CCG**

**Patient Population - 310,000**

**4 Localities, 8 Networks, 36 GP practices**

**April 2015 - GP Care Group part of wave 2 PMCF pilot (£2.6m)**

# Tower Hamlets extended access model

## **Locations:**

- 4 sites – 1 per locality

## **Operating hours**

- Saturday & Sunday 8am-8pm
- Monday – Friday 6:30pm – 8/10pm

## **Extended Access skill mix;**

- 2 GP's per site
- 1 Clinical pharmacist
- 1 Nurse (BCG and flu clinics)

## **Access hubs booking via;**

- General practice
- GP Out of Hours
- ED
- 111

# Implementation and recruitment

## Issues;

- Indemnity
- Staffing 1.5 hours
- Employment contracts

## November 2015;

- Staffed hubs with “hub site” GP’s
- Local GP’s volunteered to staff hubs
- Payment complicated
- GPCG managing rota and invoices manually

## January 2016

- GPCG partnered with Lantum
- Lantum and GPCG slowly promoted hub service and benefits of Lantum together
- Bank slowly developed
- Rota and invoices managed by Lantum

# Expansion – Tower Hamlets GPCG today

**Extended access hubs GP bank 90+**

**Regular GPs 30**

**Lantum has supported GPCG with**

- Recruiting a very high standard of GP's
- Ensuring GP's applying for sessions provide all required documentation - no exceptions made
- Rota developed and populated via Lantum
- Invoices generated and managed via Lantum - one overall payment for GPCG
- Supporting extended access team with day to day issues

**March 2017 TH GPCG Implemented Lantum service for OOH recruitment**
